Through the programs at SLiCE, students can find both support and resources to graduate as engaged, active participants in their local, national, and global communities.

Student Legal Services provides free legal advice to fee-paying students on a variety of legal matters. Students who don't pay the student fee package may, in appropriate cases, pay SLS's semester fee (less than \$10) and receive services. Common cases involve housing issues, criminal law, consumer complaints, and debt problems, but all questions are welcome. Some services such as preparation of wills and

powers of attorney carry an additional nominal charge. The staff also educates clients about their legal rights and responsibilities and, where helpful, guides students in the use of negotiation, mediation, and small claims court to resolve their disputes. Educational presentations by the SLS attorneys are always available.

## **Student Media**

The department supports student staff members who produce a daily newspaper, a quarterly student magazine, a student television production facility, and a 10,000-watt radio station. Every medium is student-run, meaning the students determine the medium's content. In addition, the department hosts the Colorado High School Press Association, a statewide organization of about 150 high school journalism advisers and their students.

- First published in 1891, the *Rocky Mountain Collegian* is one of the longest continuously published student newspapers in the nation. Today the *Collegian* is a four-color daily that provides news, entertainment, sports, editorials, opinion columns, and letters from readers.
- CTV is a student-run and campus-oriented television production group offering programs weeknights during the semester on CSUTV, cable channel 11 in Fort Collins. CTV students produce news, sports, public affairs, and entertainment programs targeting the University community. Student volunteers learn many aspects of television news, management, productions, and promotion.
- KCSU-FM offers students the opportunity to learn management, programming, news, and broadcast operations for the 10,000-watt station at 90.5 on the FM band. Programming is determined by students and features music, campus-oriented news, and public service announcements.
- *College Avenue* magazine was begun in 2005 as a medium for which students can produce lengthy features, photo stories, and other graphic arts and journalistic packages. It is produced and distributed quarterly.
- The Colorado High School Press Association was founded in 1970 and moved to Colorado State University in 2002. CHSPA hosts the annual Journalism Day at CSU every October and the Summer Advisers Workshop every July. Last year, more than 1,200 students and their advisers attended CHSPA events at CSU.
