

DEPARTMENT OF ANIMAL SCIENCES

Undergraduate Majors

- Animal Science (<https://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/animal-sciences/animal-science-major/>)
- Equine Science (<https://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/animal-sciences/equine-science-major/>)
- Livestock Business Management (<https://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/agricultural-resource-economics/livestock-business-management-major/>)
 - Animal Sciences Concentration (<https://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/agricultural-resource-economics/livestock-business-management-major/animal-sciences-concentration/>)
 - Livestock Marketing and Trade Concentration (<https://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/agricultural-resource-economics/livestock-business-management-major/livestock-marketing-and-trade-concentration/>)

(<https://catalog.colostate.edu/general-catalog/colleges/agricultural-sciences/animal-sciences/equine-science-major/>) Veterinary Medicine Interest

Students interested in animal or equine sciences and considering veterinary medicine as a career path are encouraged to visit with their academic advisor about simultaneously completing the admission requirements for the professional veterinary medical programs. The Food Animal Veterinary Career Incentive Program (FAVCIP) (<https://vetmedbiosci.colostate.edu/degree-programs/veterinary-professional-program/dvm-program/food-animal-veterinary-career-incentive-program/>) is available for Animal Science majors.
