

# DEPARTMENT OF ART AND ART HISTORY

**The Department of Art and Art History is dedicated to the principle that the visual arts are fundamental to intellectual life.**

We are a diverse group of artists, scholars, designers, and makers advancing research and innovation in the visual arts, art history, and art education. By combining the conceptual and the practical, our students develop skill sets that supports their individual paths in research and creative artistry. We approach art-making in a holistic fashion with an eye towards helping our students develop their creative problem-solving skills.

Visual Arts Building  
551 W. Pitkin Street  
Main Office: Room G100  
(970) 491-6774
