

MINOR IN MILITARY SCIENCE

The Army ROTC program provides professional education and leadership training to those students who desire to serve our country as officers in the U.S. Army upon graduation. Successful completion of the program qualifies ROTC cadets for both a commission as a second lieutenant in the Army and an opportunity to serve at least four years on active duty or at least six years in the reserve component (Army Reserve or Army National Guard).

Learning Objectives

Upon successful completion, students will be able to:

1. Recognize and synthesize Army Values and the tenants of the Army Warrior Ethos in their decision making.
2. Demonstrate the ability to plan, prepare, execute and assess platoon-level training strategies.
3. Recognize and analyze ambiguous situations and develop solutions to tactical, ethical, and leadership problems.
4. Demonstrate the ability to build and sustain multi-functional teams in a complex, uncertain environment and be able to accomplish the mission within the commander's intent.
5. Assess the impacts and anticipate the consequences of cultural differences on military operations.
6. Analyze and synthesize the communication process to effectively communicate as a leader.
7. Demonstrate leader responsibilities in the Comprehensive Soldier and Family Fitness program to reduce and manage stress (spiritual, psychological, physical).
