

GERONTOLOGY INTERDISCIPLINARY MINOR

Office in Behavioral Sciences Building, Room A116
(970) 491-4947

Department of Human Development and Family Studies

The Gerontology Interdisciplinary Minor is a cooperative effort among faculty from different departments and colleges of CSU who share a common interest in gerontology, the study of human aging. The primary purpose of the interdisciplinary minor is to provide students with background academic knowledge and practicum/ internship experience to work effectively with and for older adults in a variety of settings, and to enter professions in which there is a need to combine insight and skills derived from their major with knowledge about older individuals and the aging process.

Please visit the Department of Human Development and Family Studies website (<https://www.chhs.colostate.edu/hdfs/programs-and-degrees/gerontology-interdisciplinary-minor/>) to learn more about and/or declare the minor, or contact Dr. Christine Fruhauf, Gerontology Interdisciplinary Minor Coordinator, at christine.fruhauf@colostate.edu or 970-491-1118.
